

I urge you NOT to expand LPFM service such that it would take priority over current FM translator service. My family listens to K-LOVE on an FM translator station. This station is invaluable to our family and hundreds of thousands of people in our community and beyond because of its commitment to wholesome values. What a great service K-LOVE is to us, providing a family-friendly alternative to so many other stations that are not safe for our children's ears, or desirable for our own. The service provided by K-LOVE is in the public's best interest as its programming is positive and encouraging, something we desperately need in this world filled with hatred and violence.
